

NAVIN ADITHYA B

B.E. Computer Science & Engineering — Cyber Security

Chennai, Tamil Nadu, India | +91 70945 43971 | navinadithya394@gmail.com | [GitHub](#) | [LinkedIn](#) | [TryHackMe](#)

EDUCATION

SRM Easwari Engineering College, Ramapuram, Chennai

Expected Graduation: 2028

B.E. Computer Science & Engineering (Cyber Security) · CGPA: 7.93/10 · 3rd Year

RESEARCH EXPERIENCE

Research Intern — SRM Easwari Engineering College

Current

Domain: Web Development

- Working on a research project in the web development domain under faculty guidance at the college's research cell.
- Applying full stack development practices and a security-conscious approach to build and evaluate research prototypes alongside coursework.

PROJECTS

SK Bloom HR Solutions

- Built an enterprise HR platform covering compliance risk prevention, data-driven audits, and end-to-end onboarding and policy management.

sk-bloom-hr-solutions.netlify.app

ReqWise

- Developed a software requirements QA platform with admin review flows, client decision tracking, and version-controlled requirement finalization.

navinadithya.github.io/ReqWise

SK Enterprises

- Built a website for a government-approved ESB grade electrical contractor, including a live grid console UI and a transformer/VCB project showcase.

TECHNICAL SKILLS

Operating Systems: Linux (terminal, file systems, permissions, troubleshooting), Windows

Languages: Java, Python, JavaScript, TypeScript

Full Stack Development: React, Node.js, Express, FastAPI, Tailwind CSS, MongoDB

AI & Automation: Claude API, Gemini API, n8n, Flowise

Tools & Platforms: Git, GitHub, Netlify, Vite

Cybersecurity: Networking fundamentals (TCP/IP, ports, protocols), packet analysis with Wireshark, SIEM simulation, vulnerability awareness

EXPERIENCE & CERTIFICATIONS

- Tata Cybersecurity Security Analyst Job Simulation — hands-on exposure to real-world threat identification, risk assessment, and structured analytical workflows.
- Google Cybersecurity Professional Certificate — network security, threat analysis, incident response, security tools, risk management.
- Capture The Flag (CTF) competitions on TryHackMe — cryptography, reconnaissance, and technical problem-solving.
- Participated in multiple in-college hackathons at SRM Easwari Engineering College.
